EDUCATION

University of Miami Herbert Business School — **Coral Gables, FL**

Bachelor of Science in Business Administration in Business Technology — Expected May 2027

Minors in Mathematics and Computer Science

- **GPA:** 3.71 / 4.00
- **Honors/Awards:** President's Scholar, President's Honor Roll (1x), Provost's Honor Roll (3x), Dean's List (4x), National Hispanic Recognition Scholar
- **Relevant Coursework:** Database Management Systems, Web, Mobile & Cloud Systems, Programming Fundamentals & Algorithms, Applied Probability & Statistics, Business Analytics, Computer Architecture

WORK & LEADERSHIP EXPERIENCE

Goldenrod Companies — **Omaha, NE**

Real Estate Technology & Investment Intern — January 2026 – Present

- Built an end-to-end automated underwriting pipeline using the Claude API to ingest unstructured deal documents (OMs, T12s, rent rolls) and integrated live FRED/Treasury APIs to programmatically populate financial models and automate comps analysis
- Designed a market intelligence tool ranking 224 metro markets on economic, real estate, and demographic metrics, replacing manual Excel-based submarket comparisons
- Developed an automated ETL pipeline that ingests and normalizes semi-structured Yardi tenancy data, feeding an executive dashboard that eliminated manual rent-roll and lease renewal tracking

SK Commercial Realty — **Atlanta, GA**

Intern — July - August 2025

- Architected an interactive, client-facing web application automating commercial stacking plans, transforming a multi-hour manual Excel task into an instantaneous automated process
- Created a financial model in Excel, incorporating assumptions such as cap rate, LTV, amortization, and leasing commissions to evaluate unleveraged and leveraged cash flows

Eduply — **Atlanta, GA**

Generative AI Prompt Engineer — May 2024 – May 2025

- Designed AI tools for Eduply's education platform, including a video lesson planner, used by Atlanta Public Schools, Georgia Tech, and other institutional clients
- Optimized prompts for school-integrated chatbots to improve instructional support and curriculum planning

N&S Digital LLC — **Coral Gables, FL**

Co-Founder — April 2025 – April 2026

- Co-founded N&S Digital, shipping 4 products spanning consumer apps, real estate, and education
- Developed StackingPlanner.com, an AI-assisted commercial stacking plan web platform featuring natural-language editing, shareable links, saved dashboards, and custom branding
- Created AI-powered education and productivity tools used by 100+ users

YMCA Camp High Harbour at Lake Allatoona — **Acworth, GA**

Program Director - Watersports — Summer 2021 – 2025

- Directed all watersports programming and safety procedures for 200+ campers and 80+ staff
