University of Miami Herbert Business School

Bachelor of Science in Business Administration in Business Technology

Minors in Mathematics and Computer Science

Coral Gables, FL

Expected May 2027

- **GPA:** 3.71 / 4.00

- **Honors/Awards:** President's Scholar; President's Honor Roll (1x); Provost's Honor Roll (3x); Dean's List (4x); National Hispanic Recognition Scholar

WORK & LEADERSHIP EXPERIENCE

Goldenrod Companies

Omaha, NE

Real Estate Technology & Investment Intern

January 2026 – Present

- Built an automated underwriting pipeline that turns a deal's OM, T-12, and rent roll into a full underwriting model, using Claude for OM extraction and live Treasury/FRED data for comps and financing
- Designed a market intelligence tool ranking 224 metro markets on economic, real estate, and demographic metrics, replacing manual Excel-based submarket comparisons
- Shipped multiple internal applications for the team, including automated lease-activity reporting that parses Yardi tenancy schedule data into a unified dashboard, eliminating manual rent-roll and renewal tracking

N&S Digital LLC

Coral Gables, FL

Co-Founder

April 2025 – April 2026

- Co-founded N&S Digital, shipping 4 products spanning consumer apps, real estate, and education
- Developed StackingPlanner.com (Next.js, Claude), an AI-assisted stacking plan platform with natural-language editing, shareable links, and saved dashboards
- Created AI-powered education and productivity tools used by 100+ users

SK Commercial Realty

Atlanta, GA

Intern

July - August 2025

- Built an interactive, customizable web application that automated commercial stacking plans, cutting a manual Excel process that took hours down to minutes
- Created a financial model in Excel, incorporating assumptions such as cap rate, LTV, amortization, and leasing commissions to evaluate unleveraged and leveraged cash flows

Eduply

Atlanta, GA

Generative AI Prompt Engineer

May 2024 – May 2025

- Designed A.I. tools using ChatBotKit and Zapier, including a video lesson planner that generated tailored lesson plans for teachers and administrators
- Optimized prompts for AI chatbots integrated into school systems, enhancing their ability to assist educators with curriculum planning and instructional support
- Developed chatbots adopted by Atlanta Public Schools, Georgia Tech, and other educational institutions

YMCA Camp High Harbour at Lake Allatoona

Acworth, GA

Program Director - Watersports

Summer 2021 – 2025

- Directed all watersports programming and safety procedures for 200+ campers and 80+ staff
